Mac Eyeshadows For Dark SkinEyeshadows For Mac LipstickEyeshadows For Macular DegenerationLiquid Eyeshadow
MacStarting off the list for must-have MAC eyeshadows is MAC Vanilla.. It has a velvet finish, so it is more matte type of shadow However, this shadow specifically has a teensy bit of shimmer in it, but not too much.. Ok ladies, how many of you obsess over MAC eyeshadows? Personally, I think MAC has some of the best shadows out there because they are super pigmented and stay on till you take them off! I have made a list of what I think are the top 21 MAC eyeshadows every girl should have.

Find all the best eyeshadows by MAC Easily compare prices & reviews to find the best eyeshadow just for you on MIRA today.. This is definitely a holy grail for MAC lovers It is an ivory shade with very slight pink undertones.. What it does: MAC Eyeshadow is a highly pigmented pressed formula that delivers high color payoff with a single swipe.. Perfect for a natural highlight, and can brighten up any look What it is: A matte-finish eyeshadow that provides rich, saturated color without shine in an even, easy-to-blend, long-lasting formula.. The revamped matte-finish formula is long-lasting and can be used wet or dry Flaunt your favourite eye look with highly pigmented, blendable MAC single eyeshadows, available in a variety of hues and textures.
